

labbb

Pega Business Architect – London, UK

As a Pega BA/LBA consultant, you will be stationed at our Labb hub in London, working collaboratively with an exceptional team of highly seasoned Pega consultants from across the UK and Europe. Your mission will be to translate our clients' most intricate aspirations and challenges into high-performance Pega solutions, either on-site or remotely.

Responsibilities

- At least a 37.5 hours working week
- Hybrid work (3 d/week work location)
- You develop the most exciting Pega applications
- Collaborate with the most experienced Pega consultants in Europe
- Conduct analysis to represent business / technical processes requirements.
- 4+ years Pega experience

What's in it for you?

- Permanent contract
- Competitive salary
- Flexible working hours
- Laptop
- Pension
- Annual bonus
- Mentorship scheme
- Net expense allowance
- 28 days annual leave

Job Requirements:

- English speaking (mandatory): Effective communication is key.
- Degree in Computer Science/Information Systems, Marketing, or Business Administration: A solid educational foundation.
- Eagerness to learn: A growth mindset is essential.
- Pega Business Architect Certification
- Experience with Agile and Scrum Methodology: Agile approach to projects.
